

DEAR NEIGHBOURS!

Until now we always managed to pay the rent with our small salaries, but since the Corona crisis that has become more and more difficult. What about you?

You are very welcome to share your situation with us.

Big companies like H&M and Deichmann don't pay rent for their stores anymore – their reasoning is the current loss of profit. For so long our landlords got the little money we have, now it's time to say stop and don't give them the shirt off our back!

We don't know the best possibilities to deal with this situation, but we'd like to discuss that with you.

For some people it might be a good idea to apply for Wohngeld or Hartz IV, if you need support with that, you are welcome to contact Wilhelmsburg Solidarisch:

If you would like to start negotiations with your landlord or would like to discuss ways of reducing your rent, you are welcome to contact Wilhelmsburg Solidarisch:

WE DON'T LEAVE ON ANOTHER ALONE!
WE DON'T WANT SOCIAL DISTANCE!
